

Boletín 30 (2019): A medida que las aguas de los océanos suben, también lo hacen las islas de basura

Traffic - The traffic is not just a problem, it's a crisis. The roads are clogged with cars, buses, and trucks, and the air is thick with exhaust. The city is a gridlock of frustration. The traffic is not just a problem, it's a crisis. The roads are clogged with cars, buses, and trucks, and the air is thick with exhaust. The city is a gridlock of frustration. The traffic is not just a problem, it's a crisis. The roads are clogged with cars, buses, and trucks, and the air is thick with exhaust. The city is a gridlock of frustration.
